

Dear YES Client,

Please note there is a change to the way the expiration dates are displayed on all YES Supplements. This change is occurring because of our increasing sales abroad and the international requirements for displaying expiration dates. This will continue to be implemented in the coming months.

The dates will be displayed as follows:

Year / Month / Day

For example: An expiration date of January 1, 2012 will be displayed as 2012/01/01 or 12/01/01.

We apologize for any confusion this may cause, but this change was necessary to comply with international conventions.

To learn more about international date formats please visit:
http://www.iso.org/iso/date_and_time_format

Our best always,

The YES Family
